To: Non-Profit Organizations Serving the Clemson, Central, Six Mile and Pendleton Area

From: Debra B. Jackson, Chair  
Grants and Awards Committee  
Member, Board of Directors Clemson Community Foundation

Re: Call for Proposals

The Board of Directors for the Clemson Community Foundation is pleased to announce the availability of a competitive grants and awards program for 2018. The Clemson Community Foundation was established in 2013 to provide philanthropy and establish long-term sources of funds for local needs and improve the lives of members of the greater Clemson community. The Foundation has allocated a total of \$29,000 for 2018 to be awarded to non-profit organizations serving the Clemson, Central, Six Mile, and Pendleton area.

The due date for all proposals is June 22, 2018 at 5PM EST. Your organization is encouraged to submit a proposal for funding to the Grants and Awards Committee for review. The dollar amount of the request is limited to a maximum of \$5000.

Instructions and a formal proposal form are available on the Clemson Community Foundation website: <https://www.clemsoncommunityfoundation.org/grants-information/>. The application is in a Microsoft Word format and should be completed and returned electronically to the following email address: [grants@clemsoncommunityfoundation.org](mailto:grants@clemsoncommunityfoundation.org).

The committee will review and make recommendations for funding to the Clemson Community Foundation Board of Directors. The Board will select the finalist(s) and the funds will be awarded in October 2018.

If you have specific questions about the proposal application process, please contact me at [dbj@g.clemson.edu](mailto:dbj@g.clemson.edu).
